

Customized Training for Food Processors

FOR MORE INFORMATION:

800.722.9359

cbi@southcentral.edu

There are over 17,000 food processing employees in Southern Minnesota. How well-trained are you and your coworkers? If you aren't in the top 20%, you are getting left behind.

South Central College's (SCC) Center for Business & Industry (CBI) trains thousands annually - enabling their companies to stay ahead of the competition and on a growth track. How much did your company grow last year? How much will it grow this year?

Depending upon the program, training can be offered on-site, online, on-campus, or in combination. This is a sample of what CBI has to offer. Don't see what you need? Contact CBI about customized courses at (800) 722-9359 or cbi@southcentral.edu.
